

Dear Parent,

Thank you for putting your trust in Allegan Professional Health Services to meet your healthcare needs. You have requested an appointment at: Gobles Medical Clinic, Otsego Medical Center, Fennville Medical Center, or Allegan Medical Clinic. As a parent you can help ensure that your child's first visit runs smoothly.

As soon as you receive this new patient packet, please complete and return all forms to our office so that we can request your child's records from their previous provider(s). (The patient handbook is yours to keep.) When we receive your child's information, we will contact you to schedule a new patient appointment. They will be scheduled for the first available appointment that works for your schedule. Often this can be four or more weeks out on our schedule. If you no show for your child's new patient appointment, your child may be denied as a new patient to this facility. If you need to cancel this new patient appointment for any reason, you must do so 24 hours prior to the appointment time or it will be considered a no show appointment.

It is essential that you review the patient handbook enclosed in this packet. The handbook contains our hours of operation, medication refill policy and procedures, patient rights & responsibilities, patient portal information, our late policy, as well as other resources available to our patients.

We look forward to meeting your family's needs and serving you now and in the future. If you have any questions, please contact our office at Gobles Medical Clinic (269) 628-2196, Otsego Medical Center (269) 694-9640, Fennville Medical Center (269) 561-8761, and Allegan Medical Clinic (269) 686-5800.

Thank you,

Allegan Professional Health Services Providers & Staff

Medication Name	Dose	Frequency	Original Prescriber

Additional Comments:

Here at Allegan Professional Health Services, we have created a new patient process that assures we will have all the information necessary to better assist your child with his/her healthcare needs. This new patient appointment is scheduled so that you can establish care for your child with one of our providers. Please understand that this appointment is not the appropriate time to expect treatment for current issues. The provider will utilize this time to get to know you and your child and his/her healthcare needs and concerns. This appointment will allow time to collect the information needed to assure a positive relationship in this practice. If your child is having an issue please call our reception staff to schedule an acute care appointment. We look forward to caring for your family.

Thank you,
 Allegan Professional Health Services Staff
